

Dear Mr. James Wetts,

I am honored to be selected as a recipient of the Mississippi State Equine Association Endowed Scholarship. Thank you for your generosity in providing this award.

Originally from Arkansas, I am entering my senior year studying Animal and Dairy Science. With my acceptance into the Early Entry Veterinary program, I plan to also enter vet school next summer at MSU to complete a DVM. My interests range from One Health to production medicine to equine science, and I am excited to

explore and further my knowledge in the coming years.

Mississippi State has become a second home for me, and I love to be part of the Bulldog family. The financial assistance provided through this award is of great help to me in paying my educational expenses, helping me to reach my goals and dreams. Thank you again for all of your generosity and support.

Mail State! Many blessings,  
Aur Speck
