

Dear Mr. Watts,

It is a complete privilege and honor to be chosen as a recipient of the Mississippi State Equine Association Endowed scholarship. I have found no greater joy than that which I experience when working with MSU equine programs. As a first generation college student, I rely on scholarships like this one to meet the needs of my academic journey that I cannot meet on my own.

Because of your kindness, I can go into my Senior year as an Animal and Dairy Sciences major without fear of how I will pay for school. When I am one day working with horses as a large animal veterinarian in rural Mississippi, I hope to pour into the next generation of students like you have poured into me. Thank you for sowing these seeds into my life and education.

Sincerely,

*Sarah Ashlyn Barber*
